

ONIX for Books codelists Issue 51

This is the consolidated list of agreed additions and updates for Issue 51 of the ONIX for Books codelists, as circulated to the ONIX national groups for comments and then ratified by the ONIX International Steering Committee at its October 2020 meeting.

This issue includes a number of additions and revisions to provide further details of library pricing, limits on POD manufacture, hazard warnings, new product forms and a method to differentiate different types of cards (cards for educational use, recreation, greetings and so on).

These ONIX codes are available in various file formats from the EDITEUR website and via a multilingual interactive browser at <https://ns.editeur.org/onix>.

Codelists Issue 51 Additions and changes

Within the tables, additions are in red, changes and clarifications in blue and unchanged text is in black.

Within the tables, proposed additions are in red, proposed changes and clarifications in blue and unchanged text is in black.

List 44 – Name identifier type

Code	Label	Note
18	NACO	A control number assigned to a Library of Congress Control Number (LCCN) Name Authority / NACO record

List 59 – Price type qualifier

Code	Label	Note
17	Introductory price	Initial 'Introductory offer' price. Must be accompanied by an Effective until date in a <PriceDate> composite in ONIX 3, and may also be accompanied by a 'normal' price valid after the introductory offer expires (Fr. Prix de lancement). Only valid in ONIX 3.0
18	Consortial price	Price for library consortia. Only valid in ONIX 3.0

Note the difference between the Introductory price and the reservation order price – the latter does not apply after publication, whereas the introductory price may do so, and only the reservation order price includes a guarantee of delivery prior to publication.

List 71 – Sales restriction type

Code	Label	Note
17	Through Inventoryless POD	POD copies may be manufactured at any time, either to fulfill a customer order immediately or to replace a minimal stockholding (ie near-inventoryless). Only valid in ONIX 3.0
18	Through Stock Protection POD	POD copies may be manufactured only to fulfill a customer order immediately while out of stock and awaiting delivery of further stock from the supplier. Only valid in ONIX 3.0
19	Except through POD	Not eligible for POD. Only valid in ONIX 3.0

List 99 – Special cover material

Code	Label	Note
23	Géltex / Wibalin	Proprietary imitation cloth binding material, cellulose-based, usually embossed/textured
24	Guaflex / Skivertex	Proprietary imitation leather binding material, cellulose-based, usually embossed/textured

List 139 – ONIX Retail Sales Outlet ID

Code	Label	Note
PUB	Publisher's own direct sales	For use in ONIX 3.0 only

List 143 – US CPSIA or other international hazard warning types

Code	Label	Note
15	WARNING – Sound hazard	Product makes loud, sudden, repetitive or other sounds which may trigger seizures in sensitive people.
16	No sound hazard warning necessary	To be used when a supplier wishes to make a clear statement that no such warning is applicable to product.
17	WARNING – Motion simulation hazard	Products simulates (via visual effects) the experience of motion, which may cause nausea in sensitive people.
18	No motion simulation hazard warning necessary	To be used when a supplier wishes to make a clear statement that no such warning is applicable to product.

List 150 – Product form

Code	Label	Note
DO	BR-ROM	(Blu Ray ROM)
PH	Kit	Parts for post-purchase assembly, including card, wood or plastic parts or model components, interlocking construction blocks, beads and other crafting materials etc

PM	Wallet or folder	Wallet, folder <i>or box</i> (containing loose sheets etc, <i>or empty</i>): it is preferable to code the contents and treat 'wallet' (<i>or folder / box</i>) as packaging in <ProductPackaging> with Codelist 80, but if this is not possible (<i>eg where the product is empty and intended for storing other loose items</i>) the product as a whole may be coded as a 'wallet'. For binders intended for loose leaf <i>or partwork</i> publications <i>intended to be updateable</i> , see codes BD , BN
XJ	Spinner – empty	
XO	Spinner – filled	Spinner with contents. ISBN(s) (where applicable) and detail of contained items must be given in <ProductPart>
XY	Other point of sale – including retail product	Other point of sale material not specified by XB to XO, supplied with product(s) for retail sale. The retail product(s) must be described in <ProductPart>. Further detail of the POS material is expected in <ProductFormDescription>, as <ProductFormDetail> and <ProductFormFeature> are unlikely to be sufficient
ZO	Paints, crayons, pencils	Coloring set, including pens, chalks, etc.
ZY	Other apparel	Other apparel items not specified by ZB to ZN, including branded, promotional or tie-in scarves, caps, aprons, <i>dress-up costumes</i> etc. Further detail is expected in <ProductFormDescription>, as <ProductFormDetail> and <ProductFormFeature> are unlikely to be sufficient

Note the clarification to the existing XJ code. This was previously implied but not stated, and the clarification and introduction of the new XO code should make metadata describing spinner products less ambiguous.

List 158 – Resource content type

Code	Label	Note
47	Transcript	Full transcript of audio or video content of the product

List 163 – Publishing date role

Code	Label	Note
35	CIP date	Date by which CIP copy is required by the publisher for inclusion in the product

This is the latest date on which copy such as CIP text can be accepted by the publisher for inclusion on the title verso.

List 175 – Product form detail

Code	Label	Note
A113	W3C Audiobook format	Audiobook package format

B301	Loose leaf <i>or partwork</i> – sheets/ <i>parts</i> and binder/ <i>wallet</i>	Use with Product Form code BD, <i>BN or PM</i>
B302	Loose leaf <i>or partwork</i> – binder/ <i>wallet</i> only	Use with Product Form code BD, <i>BN or PM</i>
B303	Loose leaf <i>or partwork</i> – sheets/ <i>parts</i> only	Use with Product Form code BD, <i>BN or PM</i>
B415	Laminated cover	Book, laminating material unspecified, <i>often termed PLC or PPC (printed laminated case, printed paper case) when used with Product form BB</i> . Use L101 for ‘whole product laminated’, eg a laminated sheet map or wallchart
D301	Microsoft Xbox	Use with Product Form code <i>DB or DI</i> as applicable
D310	Sony PlayStation 1	Use with Product Form code DB as applicable
D311	Sony PlayStation 2	Use with Product Form code <i>DB or DI</i> as applicable
D313	Sony PlayStation 3	Use with Product Form code <i>DB, DI, DO or E*</i> as applicable
D314	<i>Microsoft</i> Xbox 360	Use with Product Form code DB, DI or VN as applicable
D316	Sony PlayStation Portable (PSP)	Use with Product Form code <i>DL or VL</i> as applicable
D317	Sony PlayStation 3	Use with Product Form code <i>DB, DI, DO or E*</i> as applicable. DEPRECATED
D318	Sony PlayStation 4	Use with Product Form code <i>DB, DI, DO or E*</i> as applicable
D319	Sony PlayStation Vita	Use with Product Form code <i>DA or E*</i> as applicable
D320	Microsoft Xbox One	Use with Product Form code <i>DB, DI, DO or E*</i> as applicable
D323	<i>Sony PlayStation 5</i>	<i>Use with Product Form code DB, DI, DO or E* as applicable</i>
D324	<i>Microsoft Xbox Series X</i>	<i>Use with Product Form code BD, DI, DO or E* as applicable</i>
E146	BRF	<i>(Braille-ready file)</i> Electronic Braille file
P116	<i>Postcard calendar</i>	<i>Calendar sheets detachable (usually perforated) and intended for mailing as postcards. Use with Product Form code PC</i>
P121	<i>Flash cards</i>	<i>For use to specify letter, word, image (etc) recognition cards for teaching reading or other classroom use. Use with Product form code PD</i>
P122	<i>Reference cards</i>	<i>Quick reference cards, revision cards, recipe cards etc. Use with Product form code PD</i>
P123	<i>Recreation cards</i>	<i>For use to specify cards and card decks for gaming, collecting and trading etc. Use also for divination cards. Use with Product form codes PD</i>
P124	<i>Postcards</i>	<i>And postcard packs / books. Use with Product form code PJ</i>
P125	<i>Greeting cards</i>	<i>And greeting card packs. Use with Product form code PJ</i>
Z111	<i>3D puzzle</i>	<i>Puzzle assembles into a 3D object</i>
Z112	<i>Noisy kit/puzzle/toy</i>	<i>Toy makes a noise. See B208 for noisy books</i>
Z113	<i>Puppet</i>	<i>Including finger/hand puppets, marionettes</i>

Many of the modifications above are simple clarifications, eg of the types of disc used by each games console (and therefore the Product Form codes from List 150 that the relevant List 175 codes can be combined with). D317 is deprecated because it inadvertently duplicates code D313.

List 196 – E-publication accessibility details

Code	Label	Note
14	Short alternative descriptions	All or substantially all non-text content has short alternative (textual) descriptions, usually provided via alt attributes. Note this applies to normal images (eg photographs, charts and diagrams) and also to any embedded audio, video etc. Audio and video content should include alternative descriptions suitable for hearing-impaired as well as for visually-impaired readers. (Purely decorative non-text content can be ignored, but the accessibility of resources delivered via a network connection rather than as part of the e-publication package must be included)
15	Full alternative descriptions	All or substantially all non-text content has full alternative (textual) descriptions. Note this applies to normal images (eg photographs, charts and diagrams) and also to any embedded audio, video etc. Audio and video content should include full alternative descriptions (eg audio-described video) and transcript, subtitles or captions (whether closed or open) suitable for hearing-impaired as well as for visually-impaired readers. (Purely decorative non-text content can be ignored, but the accessibility of resources delivered via a network connection rather than as part of the e-publication package must be included)
27	Use of audio	Audio content is presented with no or low background noise (eg ambient sounds), at least 20dB below the level of foreground speech
28	Full alternative audio descriptions	All or substantially all non-text content has full alternative descriptions as pre-recorded audio. Note this applies to normal images (eg photographs, charts and diagrams) and also to any embedded video etc. Video content should include full alternative descriptions (eg audio-described video) and transcript, subtitles or captions (whether closed or open) suitable for hearing-impaired as well as for visually-impaired readers. (Purely decorative non-text content can be ignored, but the accessibility of resources delivered via a network connection rather than as part of the e-publication package must be included)
29	Next / Previous navigation	All levels of heading and other structural elements of the content are correctly marked up and (if applicable) numbered, to enable fast next heading / previous heading, next chapter / previous chapter navigation without returning to the table of contents
93	Compliance certification by	<ProductFormFeatureDescription> carries the URL of a web page belonging to the organisation responsible for compliance testing and certification of the product. For use in ONIX 3.0 only
94	Compliance web page for detailed accessibility information	<ProductFormFeatureDescription> carries the URL of a web page giving further detailed description of the accessibility features, compatibility testing, certification etc. The web page should be maintained by an independent compliance scheme or testing organization

List 247 – Event occurrence date role

Code	Label	Note
01	Date of occurrence	Date and (with the default <i>dateformat</i>) time the event occurrence begins
02	Date of occurrence end	Date and (with the default <i>dateformat</i>) time the event occurrence ends

This clarification is to emphasise the default *dateformat* for event occurrence dates differs from that of most other <Date> elements in ONIX.
